Features & Specifications

22lbs
(10kg)

**CAUTION: DO NOT EXCEED
MAXIMUM LISTED WEIGHT
CAPACITY. SERIOUS INJURY
OR PROPERTY DAMAGE MAY
OCCUR!**

Components

Tools required (not included)

**Warning: Impact Hazard! Moving
Parts can Crush and Cut.**

WARNING PINCH POINT

DO NOT place hands on or near support bars. Pinch points are created during lifting and lowering of the work surface. Failure to follow these instructions can result in serious personal injury.

1

When carrying the desktop riser, be sure to hold the bottom with both hands. Do not subject it to a separate force. This can cause the tabletop to be out of step with the bottom structure.

2

The desktop rises

Hands must not exceed safety shield below the tabletop, otherwise it will pinch you.

3

Stepless height
adjustment

4

Keep monitor and laptop base fully on the worksurface. Allowing any part of base or stand to hang off the edge may result in property damage and or personal injury.

Raise worksurface slowly. Raising worksurface too fast may create an unstable situation resulting in property damage and or personal injury.

Leave enough slack in cable to allow for full range of vertical motion (16.7" / 42.4 cm). Failure to heed this warning may result in property damage and or personal injury.

To avoid the potential to pinch cables, it is important to follow the cable routing instructions in this manual. Failure to follow these instructions may result in equipment damage or personal injury.

Some experts believe that the incorrect or prolonged use of almost any product may cause serious injury or death. To help reduce your risk of serious injury or death, refer to the information below. For more information, see www.datastreamserver.com/safety

- Consult all documentation, packaging and product labelling before use. Note that some products feature documentation available online. It is recommended to print and retain the documentation.
 - Before each use, check the product for loose/broken/damaged/missing parts, wear or leaks (if applicable). Never use a product with loose/broken/damaged/missing parts, wear or leaks.
 - Products must be inspected and serviced (if applicable) by a qualified technician every 6 months. This is based on average residential use by persons of average size and strength, and on a property of average metropolitan size. Use beyond these recommendations may require more frequent inspections/servicing.
 - Ensure that all users of the product have completed a suitable industry recognised training course before being allowed access to the product.
 - If this product has been purchased in error when considering the information presented here, contact the retailer directly for details of their returns policy, if required.
- The product has been supplied by a general merchandise retailer that may not be familiar with your specific application or description of application. Be sure to attain third-party approval from a qualified specialist for your application before use, regardless of any assurances from the retailer or its representatives.
 - This product is not intended for use where fail-safe operation is required. As with any product (for example, automobile, computer, toaster), there is the possibility of technical issues that may require the repair or replacement of parts, or the product itself. If the possibility of such failure and the associated time it may take to rectify could in any way inconvenience the user, business or employee, or financially affect the user, business or employee, then the product is not suitable for your requirements. This product is not intended for use where incorrect operation or a failure of any kind, including but not limited to, a condition requiring product return, replacement, parts replacement or service by a technician may cause financial loss, loss of employee time or an inconvenience requiring compensation.
