<b>Safety</b> .....	1
<b>Assembly</b> .....	1
<b>Specifications</b> .....	2

## Safety

- The toy must be used under adult supervision.
- This product should be assembled by an adult; or checked by an adult to ensure correct assembly.
- Do not use the toy on public roads, sloping ground, near swimming pools, on dirt, in wet conditions, on rough terrain or any other dangerous area.
- Maximum load capacity = 20 kilograms.
- The toy is suitable for children aged 18+ months.
- This product is made of plastics. Keep it away from fire.
- To help avoid injury, keep other children away from the toy when it is being used.
- The package of ride-on is not a toy for children.
- Adults are required to read this instruction carefully and provide guidelines to children before using the toy.
- The toy must be used with caution to avoid falls or collisions etc.

## Assembly

Install the steering wheel on the shaft, then fasten with bolt and hex nut. On the underside of the toy, ensure that the hooked end of the steering shaft is correctly located in the slot as shown below.

# Specifications

<b>Recommended age</b>	18 months +
<b>Max rider weight</b>	20kg

*Minimal assembly required*

**Some experts believe that the incorrect or prolonged use of almost any product may cause serious injury or death. To help reduce your risk of serious injury or death, refer to the information below. For more information, see [www.datastreamserver.com/safety](http://www.datastreamserver.com/safety)**

- Consult all documentation, packaging and product labelling before use. Note that some products feature documentation available online. It is recommended to print and retain the documentation.
- Before each use, check the product for loose/broken/damaged/missing parts, wear or leaks (if applicable). Never use a product with loose/broken/damaged/missing parts, wear or leaks.
- Products must be inspected and serviced (if applicable) by a qualified technician every 6 months. This is based on average residential use by persons of average size and strength, and on a property of average metropolitan size. Use beyond these recommendations may require more frequent inspections/servicing.
- Ensure that all users of the product have completed a suitable industry recognised training course before being allowed access to the product.
- The product has been supplied by a general merchandise retailer that may not be familiar with your specific application or description of application. Be sure to attain third-party approval from a qualified specialist for your application before use, regardless of any assurances from the retailer or its representatives.
- This product is not intended for use where fail-safe operation is required. As with any product (for example, automobile, computer, toaster), there is the possibility of technical issues that may require the repair or replacement of parts, or the product itself. If the possibility of such failure and the associated time it may take to rectify could in any way inconvenience the user, business or employee, or financially affect the user, business or employee, then the product is not suitable for your requirements. This product is not intended for use where incorrect operation or a failure of any kind, including but not limited to, a condition requiring product return, replacement, parts replacement or service by a technician may cause financial loss, loss of employee time or an inconvenience requiring compensation.
- If this product has been purchased in error when considering the information presented here, contact the retailer directly for details of their returns policy, if required.
