Features

- Industrial, efficient and powerful motor.
- Large 2-litre capacity.
- Multi-function.
- Double safety protection (super-heat temperatures and over-currents)
- Multi-adjustable speed, suitable for different quality required.
- Pulse switch, conveniently operating at top speed with a single switch.
- Stainless steel 6-ended blade: processes food at various angles.
- Enormous unbreakable and compression resistant jar.
- Double safety protection: circuit breaker and motor temperature fuse.

Safety

- Make sure that the power switch is at “OFF” before connecting the plug into the socket.
- Ensure that the jar is in place on the main base securely before switching on the power switch or pulling the pulse level upwards.
- Please don't put any metallic or hard objects in the jar like knives, forks, wood, glass, etc.
- Hold the jar securely when the motor has started.
- Allow spaces on all sides of the blender for good ventilation.
- Clean the jar, mixing pole, cap and button each time after use.
- Please don't use your hands directly to wash the jar to minimise the incidences for injury.
- Clean the main base with a damp cloth; never immerse the blender in water.
- Never operate the blender continuously for more than 3 minutes; it must be subjected to rest for about 1 minute after every 3 minutes.
- Do not try to dismantle the main base for whatever reason; repairs should only be done by a qualified person or service centre.
- Unplug the blender when the work is done.
- Never open the cap until the motor stops operating completely.
- Ensure that the power is off before cleaning the blender.
- Keep children away when the blender is working.

Operation

The operations for different food is categorized into three as follows:

Dry Preparation

For dried herbs, coffee beans, nuts, grains, rock sugar, etc.

Wet Preparation

For fruits, vegetables, etc.

Ice Blended Drinks / Ice Cube Crush

For coffee, cocoa, almond powder, etc.

Specifications

Max Speed	42,000 rpm
Motor Power	Industrial 1600W
Power Voltage	240V/50Hz
Mixing Jar	BPA-Free Polycarbonate
Product Dimension	33cm (L) x 45cm (W) x 35cm (H)
Net Weight	4.9kg
Seat Width	53cm

Some experts believe that the incorrect or prolonged use of almost any product may cause serious injury or death. To help reduce your risk of serious injury or death, refer to the information below. For more information, see www.datastreamserver.com/safety

- Consult all documentation, packaging and product labelling before use. Note that some products feature documentation available online. It is recommended to print and retain the documentation.
- Before each use, check the product for loose/broken/damaged/missing parts, wear or leaks (if applicable). Never use a product with loose/broken/damaged/missing parts, wear or leaks.
- Products must be inspected and serviced (if applicable) by a qualified technician every 6 months. This is based on average residential use by persons of average size and strength, and on a property of average metropolitan size. Use beyond these recommendations may require more frequent inspections/servicing.
- Ensure that all users of the product have completed a suitable industry recognised training course before being allowed access to the product.
- The product has been supplied by a general merchandise retailer that may not be familiar with your specific application or description of application. Be sure to attain third-party approval from a qualified specialist for your application before use, regardless of any assurances from the retailer or its representatives.
- This product is not intended for use where fail-safe operation is required. As with any product (for example, automobile, computer, toaster), there is the possibility of technical issues that may require the repair or replacement of parts, or the product itself. If the possibility of such failure and the associated time it may take to rectify could in any way inconvenience the user, business or employee, or financially affect the user, business or employee, then the product is not suitable for your requirements. This product is not intended for use where incorrect operation or a failure of any kind, including but not limited to, a condition requiring product return, replacement, parts replacement or service by a technician may cause financial loss, loss of employee time or an inconvenience requiring compensation.
- If this product has been purchased in error when considering the information presented here, contact the retailer directly for details of their returns policy, if required.
